and Ex-Officio Secretary to Govt.,
Fort St.George, Madras 9.

Sub: Community Projects - South Kanara - Block I -
Communications - Construction of a foot-bridge
in Kalavar village - Estimate - Sanction -
Requested.

• • • • •

I submit herewith an estimate in duplicate with site plan etc. for the construction of a foot-bridge across the poramboke Thodu in S.No.41/3 of Kalavar village. The particulars required are furnished below:

- | | | |
|---|---|----|
| 1. Block No. | | I. |
| 2. Name of work. |) Construction of a foot-bridge
) across the Poramboke Thodu in
) S.No.41/3 of Kalavar village
) near the Elementary School. | |
| 3. Whether the work is in the approved list and the work programme. |)
) Yes.
) | |
| 4. Cost of work | ... Rs. 1,000/- | |
| 5. Villagers' contribution. |) 25% of the cost which comes to
) Rs. 250/- | |
| 6. Expenditure to be borne by The Community Projects. |) Rs. 750/- | |
| 7. Remarks: | | |

The proposal is to construct a foot-bridge across the Poramboke channel in S.No. 41/3 of Kalavar village near the Elementary School. It will benefit the villagers of Bala and Kalavar and will also be useful to the children from the other side of the channel attending the elementary school, situated close by. The estimated cost of the work is Rs.1,000/-. The villagers have promised a contribution of Rs. 250/- being 25% of the total expenditure. They are also constructing an approach road estimated to cost Rs. 550/- at their own cost in addition to the above contribution. The average cost of a foot-bridge is Rs. 1,700/- and provision has been made for 33 foot-bridges costing Rs. 56,100/- in the approved budget. So far, only 21 foot-bridges were taken up including the present one; involving a total expenditure of Rs. 43,944/-. It may therefore be seen that the target allotment of Rs. 56,100/- has not been exceeded and that works are selected having regard to the equitable distribution of works in the entire project area. The Target number of foot-bridges may not be reached but the expenditure of Rs. 56,100/- will not be exceeded. The expenditure to be borne by the Community Project is within the average cost of Rs. 1,700/- I request that the estimate may be sanctioned for Rs. 750/-

G.O. MS. No. 1466, dated 2-6-'53

Abstract:- Community Projects - South
Kannara District - Block I -
Communications - Construction
of a foot-bridge in Kalavar
village - Estimate - Sanctioned -

Read:- From the P.E.O., Mangalore -

Ref: C. N. 1084/53-B. dated 8-5-53.

Order:

Sanction is accorded to an expenditure not exceeding Rs. 750/- (Rupees Seven hundred and fifty) only being three-fourths of the estimated cost of Rs. 1000/- for constructing a foot-bridge in Kalavar village. The balance of Rs. 250/- required for the completion of the work should be met from Contributions by the beneficiaries. This sanction is counted against the provision in item II-H. of the Project Estimates of the Area approved by C.P.A., in their letter No. C.P.A./33/5/52, dated 31-3-53.

2. The expenditure should be debited to "63-B. Community Development Projects - II. Community Projects - h. Communications - 4. Works."
3. The P.E.O., Mangalore, should get the work executed according to the plan and estimate herewith returned approved and submit a copy of the Completion Report to Govt.

[C.N^o. 10566/53]

Sub: Community Projects - South Kanara Dist.
Block I - Communications - Construction
of a foot-bridge in Kalavar village -
- Estimate -

Ref. From the P.E.O., Mangalore, Ref.C.N^o. 1084/53-B.
dated 8-5-53.

Please see the letter from the P.E.O., Mangalore, in the Cf. He submits an estimate for Rs 1000/- for the construction of a foot-bridge in Kalavar village, Mangalore Taluk for sanction on the basis of $\frac{1}{4}$ th contribution by the villagers.

The foot-bridge is proposed across the poramboke thodu (stream) in S.N^o. 41/3 of Kalavar village to enable the villagers of Bala & Kalavar ^{and the school going children} to cross the stream, which becomes impassable during monsoon. The foot-bridge ^{is 4 ft wide and} proposed consists of a single span of 15 ft with wooden beams and decking of 2" thick planks with hand-rails on either side. The abutments are of random rubble in cement mortar (1:5) and taken down to 3 ft below bed level to rest in gravelly soil. Steps are proposed at either end ~~to~~ for access to the deck which is kept well above the M.F.L. of the stream. The entire wood-work of the foot-bridge is to be treated with coal tar 2 coats, applied hot for protection against weather.

The estimate has been scrutinised and is in order. The contribution by the villagers is a fourth of the estimated cost of the work i.e. Rs 1000/- $\times \frac{1}{4}$

are stated to be forming an approach road to the foot-bridge, (about $\frac{1}{2}$ a mile in length), costing Rs 550/- at their own cost.

This work is said to be come in the approved list and the works-programme.

The expenditure to be borne from C.P. Funds ^{on the work} is Rs 1000/- minus Rs 250/- = Rs 750/-.

The Project Estimate of this Area approved by C.P.A. makes provision for Rs 0.57 Lacs for 33 No. foot-bridges at an average cost of say Rs 1700/- per foot-bridge. So far, 15 foot-bridges have been sanctioned involving a total expenditure of Rs. 34,917/-.

Since the expenditure of Rs 750/- proposed on this work is within the average cost of Rs 1700/-, the same may be sanctioned.

Subject to orders, a draft order for sanctioning this expenditure is submitted for approval. The two copies of the estimate may also be countersigned. || Kept below

I discussed the confining of exp. within the provision made of the achievement of the target fixed. I have clearly made the P.F.O. understand that the target should not be attained & during the discussions he said he has enough under other minor items which can be switched over to this item. This is a saving factor and I consented as D.C.P. is the authority for reallocation within the items.

The estimate may be approved of the draft order.
